306. SHRI RAMDAS AGARWAL: Will the PRIME MINISTER be pleased to state:

(a) whether Government have formulated any policy regarding the investment by multinational companies in India;

(b) whether Government propose to issue a list of such industries in which the multinational companies will not be permitted/allowed to invest; and

(c) if so, by when the list is likely to be issued?

THE MINISTER OF STATE IN THE MINISTRY OF INDUSTRY (SHRI P. J. KURIEN): (a) to (c) A statement is attached

Statement

(a) Government's foreign investment policy is selective and is designed to channelise such investments into areas which require sophisticated technology, or where critical production gaps exist or which would help increase the country's export potential. While Govt's basic policy is aimed at reducing unnecessary dependence on external resources, it is recognised by Govt. that it is equally necessary to update production technology continuously to keep pace with rapid technological advances taking place in developed countries. The import of technology is, therefore, selective and is ordinarily permitted in high technology areas, in export-oriented or import substitution manufacture, or for enabling indigenous industry to upgrade its existing technology to attain efficiency and competitive strength.

(b) and (c) No such proposal is under consideration of Govt. at present. However, there is already an illustrative list of industries where no foreign collaboration, financial or technical, is normally considered necessary. Requests for collaboration in these industries are generally not allowed unless these are justified with reference to the technology involved, availability of indigenous technology, potential for export earnings and the like.
